

# Clinical Skills Development Service

## PHTLS

**Pre-Hospital Trauma Life Support**  
(National Association of Emergency Medical Technicians)

The PHTLS course is a unique two-day multi-disciplinary continuing education program designed to increase knowledge and skill in delivering critical care in frontline pre-hospital trauma care and the handling of trauma patients.

### **Target audience:**

PHTLS is designed for doctors, nurses, ambulance officers, medical students, and military, fire and police (where relevant to trauma management).

**Queensland  
Government**

### Topics include:

- patient assessment
- airway management
- stabilisation and transport.

### Professional points:

The PHTLS course attracts points from the following professional bodies:

- Australian College of Emergency Medicine
- Australian College of Rural and Remote Medicine
- Australian and New Zealand College of Anaesthetists
- Royal Australasian College of General Practitioners
- Royal College of Nursing, Australia.
